

Outdoors In & Wild Child in the Woods

Homeschool Day Programs 2018

January 23 2018 Wonderful Winter Ages 4-7

Interactive games and activities about how some of Alberta's animals survive the winter. Explore interesting things about snowflakes and make our own snow and even discover some cool snow experiments!

February 20 2018 Wild Wolves: Ages: 4-8

An amazing mammal discovery! There is a wolf dress up and engaging activities to find out about their unique adaptations. Also find out how a wolf family is similar to our own.

March 20 2018 Saving Plants and Animals: Ages 7-12

Some of Alberta's animals are at risk of surviving and in this program you will find out what some of them are and why they are at risk of disappearing. A very interactive experiential learning experience.

Location: Wild Child in the Woods 35 White Crescent
Bragg Creek, AB

(25 minutes from Calgary via HWY 1, 8 and 22x)

Wild Childs program includes education and recreation opportunities for children and families, forest school programs and homeschool enrichment classes. We welcome children and families of diverse abilities, ages and identities.

Time: 10-11:30 am Cost: \$15.00 per child

Please register online at: <https://www.wildchildinthewoods.com/events>

Deadline for registration is the Friday before the class date
